

AfPR – A *for* Plankton Research

Plankton Symposium IV

Congresso Brasileiro de Plâncton

April 01 – 05, 2007

Universidade da Paraíba, João Pessoa – Brazil

Themes for the 2007 Symposium

From Classic taxonomy to molecular approaches.
Environmental control of plankton.
Planktonic food webs and biogeochemical cycles.
Pollution and Plankton.
Harmful Algal Blooms.

Plankton and Human Affairs.
Invasion of Plankton.
New methods for plankton research.
Climate, global processes and plankton time series.
Modelling.

Dates to Remember

January 30, 2007

Submission of abstracts

Submission of papers

March 20, 2007
